Karat Earth® eco-friendly products are a great step toward protecting the environment. Karat Earth offers cups, food containers, utensils, and more, all of which are made from renewable resources. Stock printed products are available to help you promote your eco-friendly efforts. Plain products are also available and are perfect for custom printing. Karat Earth offers a variety of plastic products made from PLA, a plastic made from renewable resources. It also carries products made from bagasse, which is an excellent foam alternative. These products are very sturdy, reliable and will demonstrate your commitment to helping the environment.
