

Curtis 2.2L Airpot Pour-over Coffee Brewer, Y8100

With its larger tank and faster brewing capabilities, this no hassle pour-over airpot takes brewing to the next level. Its sleek stainless steel design with black vinyl coating requires no plumbing and saves space. The functions are visible with its lighted rocker switches. It comes with standard 120VAC, but export voltage is available. Crystalline glass coffee bowls, ThermoPro Stainless Steel Airpots, and ThermoPro Stainless Steel Servers are optional. Units Sold By: Individual Unit
